

# All eyes down for **GlamFest 2018** - Hong Kong's best Lifestyle Shopping Fair!

Organised by Plus Group International Ltd, the upcoming lifestyle shopping fair GlamFest 2018 promises to far surpass all past events of its kind. To be held on Saturday, 1st September 2018 at the Regal Kowloon Hotel, TST, Kowloon, the day long event from 11am to 8pm promises to be a fun and power packed day out for visitors and shoppers!

After its successful summer fair, aptly named Summer Sparkles which drew a huge crowd of shoppers, the organisers have much more in store for their upcoming flagship fair. The fair in September is at festive season time and will bring in a huge variety of vendors – catering to shoppers needs for couture and designer wear, household items, fine and fashion jewellery, lifestyle products and services, fashion accessories, gift items, authentic handicrafts and much more.

The organising duo of Deepa Nainani and Neerja Sujanani are happy to have come a long way, now celebrating their 12th year of organising such annual shopping fairs for the local community.

The bazaars provide a unique platform for small and medium enterprises who often have no shop front to showcase, market and sell their products and services to a mass of quality shoppers. Hong Kong, being a place where space is so expensive, the bazaar is a great avenue for these vendors to sell their products and services in this dynamic market.

The bazaar is also a shopper's paradise - a unique experience of shopping under one roof with an array of international and local vendors. Laced with lucky draws, quality food and beverages, wine tastings, freebies and testers, it is indeed an unforgettable day out for shoppers and their families.

As always, part proceeds are donated to the Rotary Club of Kowloon Golden Mile and Chinmaya Sewa Ashram. In addition, various selected non-profit organizations participate at the bazaar for their fund-raising activities.
